Throughout this guide, you'll find all of our courses which are specifically for adults. Depending on your personal circumstances, you may be eligible to receive a full or partial fee reduction on some of our courses (including full-time courses not listed in this guide). Look out for the following symbols next to our courses and refer to this page to confirm your eligibility.

Concerned about returning to learning?

Check out our FAQs on page 29.

Please note that there are no fee waivers or reductions available for our short, learning for leisure courses.

F Level entitlement

If you are aged 19–23 and you do not already have a full level 3 qualification (or above), your course will be fully funded. Your course will also be funded if you meet the unemployed or low-income criteria listed above; but only if you are aged 19 – 23.

U Unemployment or low income

This course will be fully funded if you meet one of the following criteria:

- Employed with a sole income of less than £25,000 or,
- Unemployed and claiming an income-based benefit or,
- Unemployed and not claiming any benefits.

If you do not meet the above criteria and the course you are studying is level 2 or below, you may be entitled to a discounted fee if your household income is less than £45,000 per annum through our financial support scheme.

L Advanced Learner Loan

This course is eligible for the Advanced Learner Loan (ALL), which will cover the full cost of the course and you do not start repayment until you are earning over £25,000 per year.

As an exclusive benefit for Access to Higher Education courses ONLY, your ALL will be abolished if you progress onto and complete a degree. Find out more here at cwa.ac.uk/all

DID YOU KNOW?
For most of our entry level, level 1 and level 2 courses (including full-time courses), you'll be able to get the course for FREE* if you are unemployed or working on a low income?

Still unsure?

LEARNING FOR LEISURE

We believe learning should be fun and many of our students return each term to meet friends and take the next step in their chosen skill.

Most of our short courses are part-funded by the UK government, which means we're able to offer these courses at a competitive price. The majority of the course fee will go towards consumables or equipment used throughout the programme (for example, food or clay). Our leisure courses have limited places. If a particular course is not available on the online store, all the places will have been filled.

ENHANCE YOUR SKILLS

Functional skills are practical skills in English and Maths, providing essential skills, knowledge and understanding. The skills taught will help you participate and progress in education, training and employment.

GCSEs are an important stepping-stone to get a job, change career or continue studying. Many employers, colleges and universities will ask for a minimum of five GCSEs, including English and Maths.

FREE†

Our English and Maths courses are free for those who do not have a grade 4 (C) or above in their chosen subject. For example, if you want to study Maths and you have a grade 3, the course will be free.

- Unemployed and not claiming any benefits.

If you do not meet the above criteria or you are aged 24 or above, you can apply for an Advanced Learner Loan (ALL), which will cover the full cost of the course. You don't start repaying your loan until you earn over £25,000 per year and, as an exclusive benefit for Access to Higher Education courses only, your ALL will be abolished (i.e. you don't have to pay it back) if you progress onto and complete a degree! Find out more here at cwa.ac.uk/all.

MARGARET HUMPHREY *Access to HE - Medicine*

“The course at CWA has an excellent reputation with many medical schools. I wanted to have a solid understanding of the science underpinning the degree syllabus, and as the course curriculum was influenced by the schools themselves, I knew I would be fully prepared. My time at CWA introduced me to a network of pre-medical students and experienced teachers, who have continued to offer me support and advice. I am now studying the Graduate-Entry Medicine Course at Cambridge University.”

JAMIE DODD

Access to HE - Computing

"I have good memories from studying at CWA. My fondest are the people I met during the course and being treated as a mature student.

I enjoyed studying the programming languages that were part of the course. I also took a particular interest in the web development module, where we learnt how to build websites from scratch using HTML, CSS and JavaScript.

After the course I went on to study computer science at the University of Lincoln. I am now a website developer for NHS Derby, creating web applications for the internal intranet."

HIGHER EDUCATION at UcWA

University Centre West Anglia is a partnership between the College of West Anglia (CWA), Anglia Ruskin University (ARU), University of Huddersfield and The Open University offering higher education programmes.

Sarah Wearing

BA (Hons) History & English Literature

"I chose UcWA as I really liked the structure of the course – by combining all lectures and seminars into two days a week, rather than spread throughout the week, it enabled me to work part-time at the same time. I also liked the fact the class sizes were smaller than in some of the other universities, which ensures you get more personalised teaching as the tutors really get to know you. Without UcWA, I would never have been able to change careers and work in a role I am passionate about!"

Ryan Clarke

BA (Hons) Early Childhood Studies

"The main content of my course was learning theory, child sociology, child rights and laws, the history of childhood and an exploration into the various skills needed to be a successful early years practitioner. I enjoyed the more practical elements of the course and was most interested by theories of play, outdoor learning and child culture. My current job role is a general TA in Year 1 at a primary school, which consists of supplying extensive phonics intervention across all children in Year 1 and managing the outside learning area."

We offer a range of FdA/FdSc Foundation and BA/BSc Honours degrees, degree and higher apprenticeships, HNC qualifications and higher technical qualifications in the following subject areas:

AMANDA HUGHES

*Equine Management (Level 3)
Equine Care (Level 2)*

“When I started the course, I wanted to know enough about horses to own one. I had no career aspirations at all. I never thought I would be applying to uni years down the line! I enjoyed every aspect of being a student and I found each subject fascinating and interesting. Without CWA, I never would have had the self-belief to work in an equine environment. I never would have had the self-belief to apply to university. College has given me so many options for my future which wouldn't exist without the staff at CWA.”

APPRENTICESHIPS

Thought an apprenticeship was just for school leavers? Think again.

Did you know:

- **apprenticeships are available for everyone over the age of 16?**
- **there are different levels of apprenticeships, right up to degree level?**

The College of West Anglia is one of the largest and most experienced providers of apprenticeships in the region and offers a wide range of opportunities across different industry areas.

An apprenticeship is a genuine job with an accompanying assessment and skills development programme. Earn while you learn and gain valuable skills and knowledge in a specific job role.

You will need GCSE English and maths at grade 4 or above and be living in England. For more details and entry requirements visit cwa.ac.uk/apprenticeships

HENRY TOWNSHEND
*Hospitality Manager –
 Apprenticeship - Level 4*

“The benefit of studying an apprenticeship is that you gain industry experience and a qualification within the industry itself. I’m more of a visual learner, so an apprenticeship enabled me to learn more effectively than I would’ve done in a classroom. I would recommend doing an apprenticeship as this is the best experience anybody can get.”

HOW TO APPLY & FINANCIAL SUPPORT

How to apply

Online

Visit cwa.ac.uk, find your chosen course and complete the application form.

If you have chosen a short course (eg: Ceramics, Photography), payment will be taken on application via our online store.

For all other courses, we will contact you after your application with details about fees, potential course waivers and enrolment.

Telephone

You can call our admissions team on **01553 815 449** to talk through your requirements in more detail.

In person

Visit our reception between 8.30am and 4.30pm, Monday to Friday.

Or come along to an open day – see our website for upcoming events at cwa.ac.uk/events

Gifting

Treat someone special to the chance to learn a new skill. Some courses can be bought as a gift.

Financial Support

If you are aged 19 or over when you start your course and your household income is below £45,000 per annum (yours and your co-habiting partner's if applicable), you are likely to be eligible for either our Discretionary Learner Support Fund or Advanced Learner Loan Bursary.

If eligible, you could receive a contribution towards:

- courses fees, if applicable
- transport – a contribution is allocated based on mileage and is paid at the end of each month (based on your attendance)
- uniform, kit and equipment
- compulsory trips
- accommodation – if you are studying Access to Medicine or Access to Veterinary Science and live over 2.5 hours away and relocate to the area
- childcare costs for the hours you are in college (for those aged 20 or above. If you are 19, please see gov.uk/care-to-learn).

Please note that learners who pay the full course fee for a Level 3 or Level 4 course are not eligible for either bursary.

Complete our fee calculator to see if you will be able to have your course fee waived or covered by an Advanced Learner Loan. You can find this at cwa.ac.uk/coursefees

For further assistance, call our student services team on **01553 815 271**.

Concerned about returning to learning as an adult?

I'm concerned about course fees and travel/childcare costs.

If you are aged 19+ and unemployed, on a low wage or claiming a state benefit, you might be able to study for free! You may also be eligible for our financial support scheme if your household income is less than £45,000pa (check our website for current allowance). Speak to us or check out our online fee calculator.

I didn't pass my English/Maths GCSE (or equivalent) at school.

We can help! We will assess your ability in English/Maths and place you on the right course for you, from Functional Skills to GCSE. You can often study these alongside another course.

English isn't my first language.

We offer full and part-time ESOL (English for Speakers of Other Languages) courses which will help you develop your skills in speaking, listening, reading and writing.

I've always wanted a degree but didn't leave school with the right qualifications.

Our Pre-Access and Access courses provide study skills and subject knowledge to help you progress to further study. See pages 19 - 21 for details.

I'm worried I won't know anyone.

Chances are, everyone will be feeling the same! We are here to support you and many of our students make friends for life at college.

I haven't been in education for a long time.

Our FREE 10-week Routes to Learning course will improve your confidence, as well as prepare you for those first steps towards further or higher education. See page 19 for details.

Disclaimer

The course information contained in this guide is correct as far as can be ascertained at the time of publication. All the listed course fees are accurate at the time of writing and may be subject to change. You are, therefore, advised when making an application to, or enrolment with, the college to satisfy yourself as to any amendments or alterations which may affect your particular course. Whilst the college will make every effort to provide all courses as planned, it is obliged to reserve the right to cancel a course, amend a course delivery or reduce the student numbers thereon and this could result in the withdrawal of a place at the college. Any offer of a place is, therefore, conditional on the college being able to provide the course and, in the unlikely event that it is not able to do so, applicants will be informed individually and the offer will lapse.
